

The background of the entire page is a photograph of a computer lab. Several people, including children and adults, are seated at desks with multiple computer monitors, focused on their work. The lighting is bright and modern.

SECURE, RELIABLE, EFFICIENT
DATA ERASURE FOR THE PUBLIC
SECTOR

Certified Data Erasure

CERTIFIED DATA ERASURE: Support from the very beginning of the lifecycle to the very end

GDPR

We aren't interested in simply providing you with endless amounts of information surrounding GDPR, our aim is to provide our customers with a solution. We strive to take away the headaches, the pain, the stress, the pressure and allow you to focus on what you do best. How exactly do we do this? Via our certified data erasure service.

SECURE DATA ERASURE

Here at CHG-MERIDIAN we provide certified data erasure at various levels dependent on your organisational requirements. Using the data deletion service Blancco, which is approved by the National Cyber Security Centre (NCSC) and BSI, we can validate the deletion of your data from your assets. Our data erasure service exceeds current standards for the permanent erasure of digital information and uses techniques that stop both software and hardware recovery tools from restoring the erased data.

If the hard drive fails the Blancco data wiping process we will to destroy the hard drive and will provide you with a full audit trial and destruction certificate.

Your security is our number 1 priority. Can you honestly afford to take the risk with your sensitive data?

OUR PROCESS

With over 40 years' experience behind us we have been able to refine our data erasure process to ensure both maximum efficiency and benefit for our customers. Simply arrange a date and location of your choice and we will take care of the rest, allowing you and your team to focus on what you do best.

PROCESS BREAKDOWN

1. Customer arranges a date and location for collection
2. CHG collects customers assets
3. CHG provides fully tracked transportation back to our warehouse
4. Full erasure service and asset inventory check conducted on-site
5. CHG provides certification of erasure to customer
